WELCOME MESSAGE

Dear Colleagues & friends,

These are rather uncertain times but science cannot wait so I am delighted to invite you to a 3 day virtual conference on 'Holistic Approach to the ABC's of Intervention Cardiology' to be held from 30 October to 1 November, 2020.

We have a very engaging and stimulating programme that will focus on Acute Coronary Syndrome, Bifurcation & Calcium with a galaxy of 100 subject experts from overseas and India. In addition we have 3 LIVE cases – from Mount Sinai Hospital, New York, USA, Meenakshi Mission Hospital & Research Centre, Madurai and Metromed International Cardiac Centre, Calicut, India, that will enhance the learning experience.

All sessions allow for interaction with the eminent panelists and speakers as also discussions that make it all the more interesting and informative.

I assure you of 3 wonderful days of learning and sharing and look forward to seeing you on 30th October and making this conference a success.
