Dear Colleague & Friends,

Greetings from ACRMT

Friends, we all are dealing with covid -19 pandemic since last one year, it was not at all expected but corona has changed our entire living pattern. Corona also taught us importance of humanity. I will say that we all come more closer than previous.

Since last two years we have set a very good example of team work in our first and second conference of ACRMT, in Nashik and Kolhapur respectively. Both conferences have already set a benchmark of useful scientific program and now success of previous two years makes us more responsible. So I am very glad that due to team work of all Indians incidence of corona is markedly reduced and more important vaccine also available before our upcoming 3<sup>rd</sup> conference of ACRMT.

Hence after thinking a lot we are here announcing our 3<sup>rd</sup> Annual Conference of ACRMT which will be held on 6<sup>th</sup> and 7<sup>th</sup> Feb, 2021 in Lonavala. A beautiful and fresh air of Lonavala will give us new energy.

As a responsible organization, we assure you that we will follow all the instruction which has been given by different authorities and we will take all necessary precautions to avoid any type of infection. We also request you to please keep your safety on priority and help us to follow all necessary parameters.

You all witnessed that in our previous conferences also we do full focus on our scientific agenda and we assure you that there will be huge scope to learn new things through this 3<sup>rd</sup> Annual conference of ACRMT. This time we have an opportunity to learn through session like Congenital Heart Disease, IVUS, TAVR, Micra, CTO, Watchman, Rotablator, closure devices, Electrophysiology, Peripheral Vascular Disease, IABP etc.

Ashirwad group is committed towards the society and you will come to know about contribution of Ashirwad for society in Lonavala.
